## **About Company**

[www.biocube.ai](http://www.biocube.ai)

Biocube is India's one of the most innovative & promising Artificial Intelligence enabled Biometric Software Platform, Products & Solutions designing organization. We bring a new paradigm in User Identity verification, with redefined Security and User Control. Our vision is to Empower & Enable every Individual to experience the power of AI & Biometrics on their own smartphones & to bring Convenience, Seamless Experience & comprehensive Security in their daily life through biometric authentication based One Tap Digital Transactions. Biocube has presence across the globe, with its development centre in Gurgaon, Haryana, India.

We have successfully developed our proprietary Computer Vision, AI & multi model Biometric technology platform for which Biocube has filed patent in USA, which is currently in progress.

Biocube provides one of the industry's unique solutions that has potential to change the dynamics of Biometric Identity verification market. Our continuous search for opportunities in newer markets & industries, help Biocube to keep ahead of the Technology Innovation curve.

## **Growth potential**

Prospective candidate will get opportunity to learn and grow his career in the field of latest technologies. In our growing organization there are ample opportunities to get know-how in multiple domain & functionalities like Banking, Hospitality, Education etc and new-age technologies like Biometrics, Blockchain, Machine Learning, Data Analytics etc. Candidate will get opportunities to grow with the organization in terms of technical expertise as well as personal development. Biocube believes in a great work life balance.
